Subject: Response to your May 17, 2007 Letter, Road Construction in Sections 21 and 22, T9S, R2W, Utah County, Utah

Dear Mr. Hansen:

The Division has completed its investigation of the allegations made in your May 17, 2007 letter, including a site inspection of the area. Attached are copies of the inspection report as well as the results of the investigation of the allegations made in your letter.

In summary, the Division issued a permit on October 25, 2006 for the referenced area. The Division's investigation and inspection of the site found that the operations are in compliance with the NOI, that Utah County had permitted the road construction, and the lands disturbed are under the ownership/control of the permittee.

If you have any additional questions or concerns regarding this operation, please feel free to contact us.

Sincerely,

Daron R. Haddock
Permit Supervisor
Minerals Regulatory Program
